FURUNO Computer Based Type specific ECDIS Training

# FURUNO Computer Based Type specific ECDIS Training

The **FURUNO ECDIS CBT** (Computer Based Training) is a training solution where trainees are able to take **FURUNO Type specific ECDIS training** on their own PCs. Since **ECDIS CBT** does not require constant internet access, the trainees can study **ECDIS CBT** when and wherever they may choose.

## ECDIS CBT Features

### ▶ Internet connection is not necessary during training

Training can be done offline with a PC and the CBT program\* no matter where you are.

\*ECDIS CBT is available on DVD, and for download from [www.furuno.com/en/merchant/training/eccds\\_cbt](http://www.furuno.com/en/merchant/training/eccds_cbt)

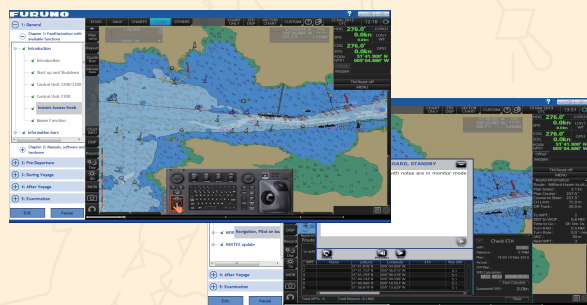

### ▶ The trainees can schedule their training according to their own needs

(The average required training time is 8 to 10 hours.)

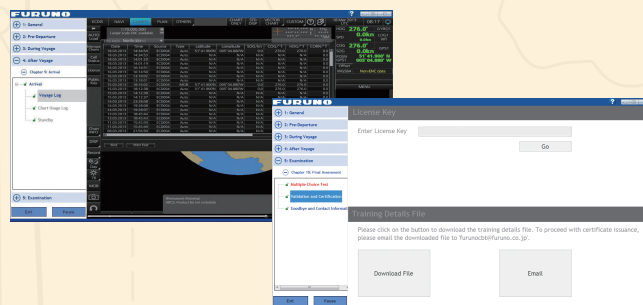

### ▶ ECDIS CBT Certificates are issued directly by FURUNO ELECTRIC CO., LTD. upon completion of the course

### ▶ The ECDIS CBT program can also be used for refresher training

This CBT program is intended for those who have already completed generic ECDIS training in accordance with IMO Model Course 1.27.

Trainees learn all basic functions and operation, based on the actual FURUNO ECDIS software. Learning is conducted on a step-by-step basis.

Once the training and final test is passed, the trainees send the data to FURUNO. Upon verification of the submitted files, a ECDIS CBT certification will be issued by FURUNO.

## The supported ECDIS models: FMD-3100, FMD-3200/3300

## Minimum PC requirements for CBT

Operation System	Windows XP Home/Professional
	Windows 7 Home/Professional including 32 bit and 64 bit
